

Adding whole thousands

Addition Practice Worksheet

Find the sums.

$6,000 + 3,000 = \underline{\hspace{2cm}}$

$8,000 + 6,000 = \underline{\hspace{2cm}}$

$7,000 + 8,000 = \underline{\hspace{2cm}}$

$7,000 + 8,000 = \underline{\hspace{2cm}}$

$6,000 + 2,000 = \underline{\hspace{2cm}}$

$9,000 + 2,000 = \underline{\hspace{2cm}}$

$8,000 + 9,000 = \underline{\hspace{2cm}}$

$3,000 + 7,000 = \underline{\hspace{2cm}}$

$7,000 + 1,000 = \underline{\hspace{2cm}}$

$8,000 + 8,000 = \underline{\hspace{2cm}}$

$3,000 + 6,000 = \underline{\hspace{2cm}}$

$3,000 + 2,000 = \underline{\hspace{2cm}}$

$1,000 + 2,000 = \underline{\hspace{2cm}}$

$3,000 + 2,000 = \underline{\hspace{2cm}}$

$6,000 + 8,000 = \underline{\hspace{2cm}}$

$9,000 + 5,000 = \underline{\hspace{2cm}}$

$1,000 + 9,000 = \underline{\hspace{2cm}}$

$4,000 + 2,000 = \underline{\hspace{2cm}}$

$5,000 + 7,000 = \underline{\hspace{2cm}}$

$4,000 + 2,000 = \underline{\hspace{2cm}}$

$7,000 + 7,000 = \underline{\hspace{2cm}}$

$6,000 + 9,000 = \underline{\hspace{2cm}}$

$9,000 + 2,000 = \underline{\hspace{2cm}}$

$6,000 + 4,000 = \underline{\hspace{2cm}}$

$7,000 + 7,000 = \underline{\hspace{2cm}}$

$4,000 + 9,000 = \underline{\hspace{2cm}}$

Adding whole thousands

Addition Practice Worksheet

Find the sums.

$6,000 + 3,000 = \underline{9,000}$

$8,000 + 6,000 = \underline{14,000}$

$7,000 + 8,000 = \underline{15,000}$

$7,000 + 8,000 = \underline{15,000}$

$6,000 + 2,000 = \underline{8,000}$

$9,000 + 2,000 = \underline{11,000}$

$8,000 + 9,000 = \underline{17,000}$

$3,000 + 7,000 = \underline{10,000}$

$7,000 + 1,000 = \underline{8,000}$

$8,000 + 8,000 = \underline{16,000}$

$3,000 + 6,000 = \underline{9,000}$

$3,000 + 2,000 = \underline{5,000}$

$1,000 + 2,000 = \underline{3,000}$

$3,000 + 2,000 = \underline{5,000}$

$6,000 + 8,000 = \underline{14,000}$

$9,000 + 5,000 = \underline{14,000}$

$1,000 + 9,000 = \underline{10,000}$

$4,000 + 2,000 = \underline{6,000}$

$5,000 + 7,000 = \underline{12,000}$

$4,000 + 2,000 = \underline{6,000}$

$7,000 + 7,000 = \underline{14,000}$

$6,000 + 9,000 = \underline{15,000}$

$9,000 + 2,000 = \underline{11,000}$

$6,000 + 4,000 = \underline{10,000}$

$7,000 + 7,000 = \underline{14,000}$

$4,000 + 9,000 = \underline{13,000}$
