

## Board games pie graph

### Data and Graphing Worksheet

John asked 40 friends to vote on their favorite board game.

Construct a pie graph showing the fraction of students who voted for each game.

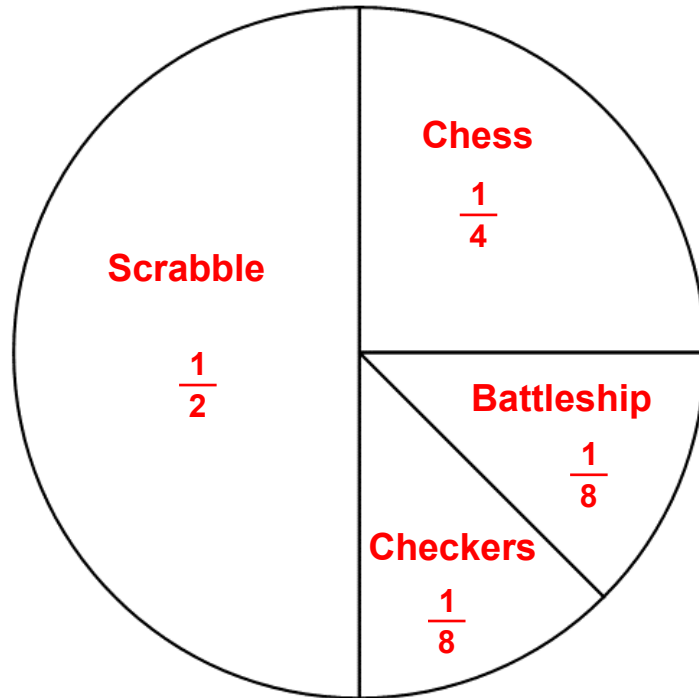

Board game	Number of votes
Chess	10
Scrabble	20
Battleship	5
Checkers	5

- Which board game is most liked? \_\_\_\_\_
- What fraction of the kids favored Battleship? \_\_\_\_\_
- Which board game has one-half of the total votes? \_\_\_\_\_
- Which board game has one-fourth of the total votes? \_\_\_\_\_
- What fraction of the votes are checkers and Battleship combined? \_\_\_\_\_

## Answers
