

## Estimate and measure lengths in centimeters

### Grade 2 Measurement Worksheet

Find four objects and estimate their widths in centimeters.

Object	Width (estimated)
1.	_____ centimeters
2.	_____ centimeters
3.	_____ centimeters
4.	_____ centimeters

Now measure the widths of the same objects using a centimeter ruler.

Object	Width (measured)
1.	_____ centimeters
2.	_____ centimeters
3.	_____ centimeters
4.	_____ centimeters

Which estimate was your best? \_\_\_\_\_
