# Addition

Grade 2 Word Problems Worksheet

The local food bank was receiving donations from the community.

1. During the first week, they received 12 boxes of canned soup and 36 boxes of crackers. During the second week, they received 25 boxes of canned soup and 24 boxes of crackers. How many boxes of crackers did they receive in total?

2. They had 40 boxes of pasta sauce in storage and received 47 more boxes last month. How many boxes of pasta sauce are there?

3. In the storage room, there are 16 boxes of corn flakes. There were 19 more boxes of cheerios than corn flakes. How many boxes of cereal are there?

4. The food bank expected to recruit 60 volunteers. 34 men and 45 women signed up. How many volunteers were recruited?

5. The local food bank opened 18 days in January and 21 days in February. If it will be opened for 15 days in March, how many days is it open in these three months?

6. Write the addition sentence that fits this: "The food bank opens for 4 hours on Friday and 5 hours each on Saturday and Sunday. It opens for 14 hours over those 3 days."

Answers

1. 36 + 24 = 60
    They received 60 boxes of crackers in total.

2. 40 + 47 = 87
    There are 87 boxes of pasta sauce.

3. 16 + 16 + 19 = 51
    There are 51 boxes of cereal.

4. 34 + 45 = 79
    79 volunteers were recruited.

5. 18 + 21 + 15 = 54
    It opens for 54 days in these three months.

6. 4 + 5 + 5 = 14
