

Sound words

Grade 1 Science Worksheet

Choose the correct word.

A loud sound can travel (*three feet / a long distance*).

A loud sound can make something (*vibrate / disappear*).

The further a sound has traveled, the (*softer / louder*) it sounds.

A big dog will probably have a (*low / high*) pitched bark.

A small dog will probably have a (*low / high*) pitched bark.

We call sounds we don't like (*noise / echoes*).

Answers

A loud sound can travel (*three feet* / *a long distance*).

A loud sound can make something (*vibrate* / *disappear*).

The further a sound has traveled, the (*softer* / *louder*) it sounds.

A big dog will probably have a (*low* / *high*) pitched bark.

A small dog will probably have a (*low* / *high*) pitched bark.

We call sounds we don't like (*noise* / *echoes*).
