

Animals and their foods

Grade 2 Science Worksheet

For each animal, write what it eats. Then write an “H” if it’s a herbivore, a “C” if it’s a carnivore or an “O” if it’s an omnivore.

Herbivore - an animal that just eats plants.
Carnivore - an animal that eats mostly meats.
Omnivore - an animal that eats both plants and meats.

Answers

Answers may vary.

	<p>corn, seeds, lizards, worms</p>	<p>O</p>
