

Plant growth line graph

Data and Graphing Worksheet

Emma measured her plant's growth for five weeks.

Draw a line graph using the data.

Week	Height (cm)
Week 1	2
Week 2	5
Week 3	8
Week 4	11
Week 5	14

1. How tall was the plant in week 2? _____

2. How much had the plant grown from week 1 to week 2? _____

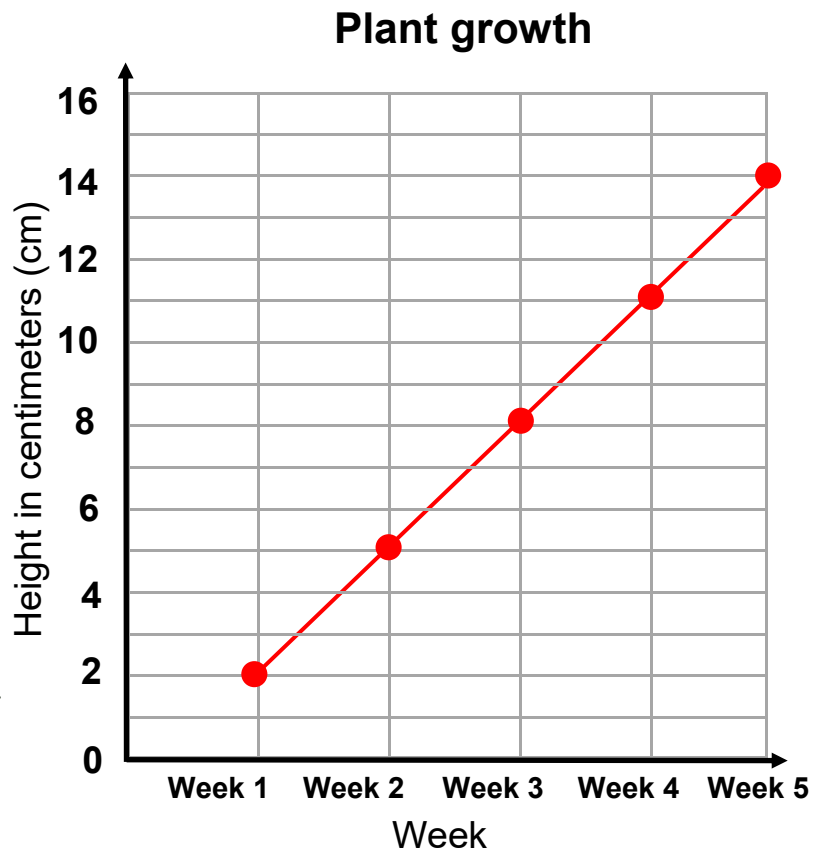

3. How much had the plant grown from week 2 to week 4? _____

4. How much had the plant grown from week 1 to week 5? _____

5. On week 6, do you think the plant would be around 21 cm or 17 cm? _____

Answers

Week	Height (cm)
Week 1	2
Week 2	5
Week 3	8
Week 4	11
Week 5	14

How tall was the plant in week 2?

5 cm

How much had the plant grown from week 1 to week 2?

3 cm

How much had the plant grown from week 2 to week 4?

6 cm

How much had the plant grown from week 1 to week 5?

12 cm

On week 6, do you think the plant would be around 21 cm or 17 cm?

17 cm
