

Mental math: missing numbers (4 digit numbers)

Grade 5 Addition Worksheet

Find the missing number.

1. $5,176 + 4,813 = \underline{\hspace{2cm}}$

2. $6,371 + 182 = \underline{\hspace{2cm}}$

3. $8,516 + \underline{\hspace{2cm}} = 9,784$

4. $1,863 + 312 = \underline{\hspace{2cm}}$

5. $778 + 6,042 = \underline{\hspace{2cm}}$

6. $911 + 750 = \underline{\hspace{2cm}}$

7. $\underline{\hspace{2cm}} + 875 = 1,490$

8. $\underline{\hspace{2cm}} + 7,254 = 9,958$

9. $\underline{\hspace{2cm}} + 3,514 = 4,302$

10. $5,925 + \underline{\hspace{2cm}} = 6,345$

11. $5,784 + \underline{\hspace{2cm}} = 12,218$

12. $981 + \underline{\hspace{2cm}} = 1,348$

13. $601 + \underline{\hspace{2cm}} = 905$

14. $2,797 + 8,684 = \underline{\hspace{2cm}}$

15. $860 + \underline{\hspace{2cm}} = 1,291$

16. $526 + 806 = \underline{\hspace{2cm}}$

17. $\underline{\hspace{2cm}} + 9,924 = 10,762$

18. $798 + 789 = \underline{\hspace{2cm}}$

19. $302 + \underline{\hspace{2cm}} = 6,819$

20. $\underline{\hspace{2cm}} + 4,355 = 5,179$

Mental math: missing numbers (4 digit numbers)

Grade 5 Addition Worksheet

Find the missing number.

1. $5,176 + 4,813 = \underline{9,989}$

2. $6,371 + 182 = \underline{6,553}$

3. $8,516 + \underline{1,268} = 9,784$

4. $1,863 + 312 = \underline{2,175}$

5. $778 + 6,042 = \underline{6,820}$

6. $911 + 750 = \underline{1,661}$

7. $\underline{615} + 875 = 1,490$

8. $\underline{2,704} + 7,254 = 9,958$

9. $\underline{788} + 3,514 = 4,302$

10. $5,925 + \underline{420} = 6,345$

11. $5,784 + \underline{6,434} = 12,218$

12. $981 + \underline{367} = 1,348$

13. $601 + \underline{304} = 905$

14. $2,797 + 8,684 = \underline{11,481}$

15. $860 + \underline{431} = 1,291$

16. $526 + 806 = \underline{1,332}$

17. $\underline{838} + 9,924 = 10,762$

18. $798 + 789 = \underline{1,587}$

19. $302 + \underline{6,517} = 6,819$

20. $\underline{824} + 4,355 = 5,179$
